

Oslofjord Convention Center

A village designed to build communities!

Get to know our Convention Village and all we have to offer!

Oslofjord is a Convention Village tailored to create and encourage interactions, networking and lasting relationships.

Here you can create your own universe - a village for you and your colleagues, friends, partners. With everything in one place, event planners describe us as the perfect playground.

Many people in one place x time x happiness feeling² = The Oslofjord Effect!

Total area:
860 000 m²

Number of beds:
9 000

Indoor capacity for events:
28 400 m²

Number of rooms/apartments:
2 500

This is us!

We are located in the city of Sandefjord, 75 min drive from Oslo.

Torp International airport is 20 mn away, Oslo

International airport is 90 mn, Stokke train station nearby and more than 1500 parking spaces on-site with charging possibility.

	Train (Stokke station)	10 min
	Tønsberg / Sandefjord	15 min
	Torp International Airport	20 min
	Oslo	75 min
	Oslo Gardermoen Airport	90 min
	Ferry Boat to/from Sweden	15 min

Oslofjord Village delivers a community with all facilities within walking distance!

Everything in one place - A one-stop shop

The event itself, accommodation, food & beverage, recreation, technical equipment and so on. All you need to organize an event from A to Z.

Maximize time together

All transport happens before and after the event. We know that time is precious. At Oslofjord you will spend time with friends and colleagues instead of commuting back and forth between the hotel, the event location and activities.

Avoid distractions and energy leaks

Stay connected at your own village! Make 860 000 m² of land tailored to your brand and create experiences without interruptions.

Integrated infrastructure

Create seamless 24 hours of experiences. With Oslofjord, the event agency and the customer get one partner who is organized to deliver all necessary elements for an entire event.

XL capacity

5000+ beds, 1600 apartments and five large arenas suitable for more than 12000 people.

A safe arena and environment

We are located on a promontory that ensures a safe environment

Flexible business models

With an entire village at your disposal, there are unique opportunities to think holistically - also about price.

We care about the environment and social responsibility is our priority

Environment

95% Renewable energy sources

Our own energy center ensures that at least 95% of the energy produced on the Oslofjord is from renewable energy sources.

The UN climate goal 7 - Clean energy for all

208 Tonnes of greenhouse gases

In addition, our energy center contributes to efficiency through a doubling of energy production to heat, but at the same time halving climate emissions

Low energy building

All hotel buildings are classified as low-energy buildings and are located in the landscape to utilize light and sun conditions in an optimal way.

The UN climate goal 11.7 - Access to safe and accessible green areas

Social Responsibility

From Kabul to Oslofjord

At the end of August '21, 750 evacuated refugees from Afghanistan were accommodated with us. A strong encounter with war and people in need, but an important social mission.

Sports arena for local clubs

Agreement with Sandefjord municipality which ensures that our multi-purpose facility (Oslofjord Arena) is accessible to local sports teams and clubs.

Development with positive ripple effects locally

Invested 25 MNOK in the municipal pipe network And 6 MNOK for newly established open spaces and coastal path
